

SUPERFLO® VS VARIABLE SPEED PUMP

ENERGY COST SAVINGS OF UP TO 80%* FOR STANDARD POOLS

NEW SuperFlo VS pumps bring the remarkable energy cost savings of variable speed technology to standard pools at an affordable price. They slash energy costs by up to 80%* while helping to keep your pool sparkling clean and inviting. SuperFlo VS pumps come to you from the trusted leader that launched variable speed technology

to the swimming pool industry a full 5 years ahead of every other pump manufacturer...Pentair Aquatic Systems. No wonder they still outsell all other variable speed pumps combined. The SuperFlo VS pump is easy to install and easy to use. And unlike others, you don't need to buy and install a separate timer.

- The SuperFlo VS pump costs significantly less to operate because its variable speed technology moves water more efficiently at lower speeds.
- Ideal for standard pools requiring up to 1.5 hp pump.
- Affordable for new and standard pool pump replacement applications.
- Simple, intuitive user interface that's easy to program and operate.
- Easy-to-access electrical connections for simple installation.
- Direct...and superior drop-in replacement for the Hayward® Super Pump®.

ENERGY STAR® Certified SuperFlo VS pumps from Pentair meet strict energy efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. These pumps save money, reduce energy use and protect the environment.

SUPERFLO® VS VARIABLE SPEED PUMP

Easy-to-read graphical display makes programming and monitoring a cinch

Built-in timer; no need to install a separate external unit

Tough, engineered polymer pump body and durable, totally enclosed fan cooled (TEFC) motor give years of trouble-free service

ENERGY EFFICIENT AND EASY-TO-USE

For pool owners who want to step-up to the energy savings of variable speed technology, the SuperFlo VS pump is the wise choice. It will save up to 80% on operating energy costs versus standard single-speed pumps*. And the SuperFlo VS pump is engineered for easy installation, simple operation, and trouble-free service.

- Three operating speed settings plus override capability.
- Wiring is easy and unlike other pumps, the electronic board is not exposed to exterior elements at installation.
- 230 volts, 60 Hz single phase.
- UL Listed.

AN ECO SELECT® BRAND PRODUCT

The SuperFlo VS pump has earned the Eco Select brand distinction as one of the "greenest" and most efficient choices from Pentair. Eco Select products are designed to help you save energy, conserve water, eliminate or reduce noise, or otherwise contribute to a more environmentally responsible equipment system.

*Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.
