# ORDER YOUR CERTIFIED POOL-SPA INSPECTOR™ CD TODAY!

The interactive CPI™ CD is an economical training program that allows students to learn without travel. Extensive imagery and over 25 minutes of video help students visualize potential safety hazards. The program is designed to follow the focus of the inspectors as they examine around the pool, in the pool, the pump room, the chemicals and the spa. This is a great supplement to the Certified Pool-Spa Operator® Handbook.
